**My comments on Te Kūiti flooding remedies**

**Funding and future of our Rural Halls - what should we do?**

Option 2 - Transfer ownership of Council halls to community groups (preferred)

**Your comments on the funding and future of our Rural Halls**

Second choice is option 1

**Elder persons housing - how should we fund it?**

Option 2 - Council increases rental levels (preferred)

**Elder persons housing - is Council the best provider for elder persons housing?**

Option 2 - Explore options to transition elder persons housing to a provider (preferred)

**Your comments on elder persons housing**

It is worthwhile investigating options even if the best one is the status quo

**Update the Te Kūiti Stormwater Rating Area**

Option 2 - Extend the Te Kūiti Urban Rating Area (preferred)

**Your comments on updating the Te Kūiti Stormwater Rating Area**  
Important for equity.

**Simplifying the rates structure**

Option 2 - Simplifying the split of rating costs between General Rate and UAGC. (preferred)

**Your comments on simplifying the rates structure**

Simple is good.

**Conversation: Impact of retaining 3 Waters**

I agree with keeping the status quo with investing “as and when needed”

I agree with installing water meters

**Your comments on our approach to how we will deliver our 3 Waters services**

As someone from a previous council where water was metered and charged on a usage basis. although I didn't like paying more in general, usage charges made me use water much more carefully and I see so much more water wastage in this district because people don't value what they don't measure /pay for.

**What do you think about our plans for projects and activities?**

**What do you think about our plans for finances and rates?**

Some rates increase is inevitable with the rate of inflation, good to see Council efforts to minimise the increase.

**Do you have any other feedback on our Draft Long Term Plan 2024-2034? (for example our landfill and sludge disposal)**

Keeping a local landfill facility as an option is important to keep future options open. I would be in favour of a new landfill cell.

**Need more help?**
