Hi Michelle

I would like to put my name down to give a verbal submission on the targeted or differential rate for forestry please.

I completed a submission online but I am not sure it has worked.

I am the managing director of GFM, a Te Kuiti based contractor and forest manager. I have over 5 years experience managing Greenplan forests, 15 years building forestry infrastructure and harvesting locally, as well as being the Greenplan forest manager and a contractor in harvesting operations down Mapara south Rd. we are a local employer

The basis of my submission is around serious discussion of a sustainable long-term solution, a truthful discussion around the value for money that we are seeing form the current maintenance contractors and the suitability of them to maintain a road to suitable standard.

Thanks

Cam Kendrick

Managing Director
