**I wish to speak to Council about my submission**

No

**Introduce a targeted or differential rate on the District Roding Rate -**

**Which option do you prefer? :**

Option 3

**My comments on this proposal**

For over 30 years Council has been aware that forests in the District will be harvested within the next few years. With a little bit of foresight provision could have been made by spreading a roading rate during the period of tree growth. To now impose a roading rate of over 1000% is grossly unfair to all those people who have invested in the District through forestry and the added benefits incurred as a result of those investments.
